## TOWN WARRANT

The State of New Hampshire

THE POLLS WILL BE OPEN FROM 10:00 A. M to 6:00 P. M.

To the Inhabitants of the Town of Boscawen in the (L. S.) County of Merrimack in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town Hall in said Boscawen on Tuesday, the Fifth day of March, next at ten of the clock in the forenoon, to act upon the following subjects:

The voting on Article I. will be by official ballot, and the polls shall open for balloting at ten o'clock in the forenoon and shall not close before six o'clock in the evening. The remaining Articles of the Warrant shall be acted upon at 7:30 o'clock in the evening or at the closing of the polls if the meeting shall vote to keep the polls open to a later hour.

1. To choose all necessary Town Officers for the year ensuing.
2. To raise such sums of money as may be necessary to defray town charges for the ensuing year and make appropriations of the same.

Town Officers' Salaries  
 Town Officers' Expenses  
 Election & Registration Exp.  
 Town Hall & Other Town Bldgs.  
 Social Security-Blue/Cross, etc.  
 \*Police Department  
 Forest Fire Warden  
 Fire Department  
 Care of Trees  
 Insurance  
 Planning & Zoning  
 Legal Exp. Damages, Dogs, etc.  
 Civil Defense  
 Health Department  
 Vital Statistics  
 Sewer Maintenance  
 Town Dump

Highway Department  
 Street Lighting  
 Town Road Aid  
 Libraries  
 Public Welfare  
 Patriotic Purposes  
 Recreation  
 Cemeteries  
 Sidewalk Maintenance  
 Debt Service  
 Principal & Long term notes  
 Fire House  
 Police Station  
 Sewer  
 Interest on Long term notes  
 Interest-Temporary Loans  
 Interest-Sewer Bonds

3. To see what sum of money the Town will vote to raise and appropriate for the Concord Hospital.

4. To see what sum of money the Town will vote to raise and appropriate for the Franklin Hospital.

5. To see what sum of money the Town will vote to raise and appropriate for the use of Rolfe Park.

\* LEAA Funding

6. To see what sum of money the Town will vote to raise and appropriate for the Penacook Youth Center.

7. To see if the Town will vote to empower the Selectmen to borrow such sums of money as may be necessary to meet current expenses of the Town until the taxes are paid to the Treasurer.

8. To see if the Town will vote to give the Selectmen authority to transfer or sell property taken by the Town in default of Redemption from Tax Sale or otherwise acquired.

9. To see if the Town will vote to give the Selectmen authority to transfer any unexpended Balance of money from one appropriation to another.

10. To see if the Town will vote to join the Capitol Area Compact Dispatch Service at a total cost in 1974 of \$4,312.00 and to authorize the Selectmen to enter into an agreement with the City of Concord to implement this service. Of the total cost \$3,393.00 will be used to purchase the necessary radio equipment; \$613.00 will be the fee for the period July 1, 1974 to December 31, 1974; and \$306.00 will be the fee for the telephone line for the period July 1, 1974 to December 31, 1974.

11. To see if the Town will vote to raise and appropriate the sum of \$670.00 for ten additional red phones for the lower Boscawen Fire Department.

12. To see if the Town will accept the following streets:

Hardy Lane  
Birch Street  
Welcome Avenue  
Fairbanks Drive  
Skyline Drive  
Terrace Hill Road  
April Avenue  
Lawrence Street  
Woodbury Lane

13. To see if the Town will vote to raise and appropriate a sum not to exceed \$3,000.00 to purchase a new Truck for the Highway Department.

14. To see if the Town will vote to raise and appropriate a sum not to exceed \$4,000.00 to purchase a new Sander for the Highway Department.

15. To see if the Town will vote to raise and appropriate the sum of \$10,000.00 to be placed in the Capital Reserve Fund for the financing of the acquisition of a new Fire Truck.

16. To see if the Town will vote to raise and appropriate a sum not to exceed \$3,500.00 to repair the floor of the Torrent Fire Station.

17. To see if the Town will vote to raise and appropriate a sum not to exceed \$50,000.00 to purchase a new Fire Truck to replace the Much-I-Do LaFrance and to authorize the Selectmen to borrow such sums of money as may be necessary not to exceed the difference between \$50,000.00 and whatever funds shall be available from the Capital Reserve Fund established for the purpose of financing the acquisition of a new Fire Truck.

18. To see if the Town will authorize the Selectmen to transfer ownership of the old Much-I-Do Fire Station to the Boscawen Historical Society for the sum of \$1.00 and to execute whatever documents are necessary to effectuate the transfer.

19. This petition has been drawn up by concerned citizens of Boscawen to have the entire Town of Boscawen re-evaluated for the purpose of taxing real properties. (By Petition).

20. To see if the Town will vote to raise and appropriate a sum not to exceed \$62,000.00 to establish a sanitary landfill and to authorize the Selectmen to borrow such sum as may be appropriated. The State of New Hampshire Department of Health has ordered the Town to establish such a sanitary landfill prior to July 1, 1974. The appropriation shall be expended as follows:

- a. For the purchase of real estate upon which the landfill shall be located . . . . . \$13,000.00
- b. For site preparation . . . . . 4,000.00
- c. For engineering services . . . . . 4,000.00
- d. For the purchase of a compactor . . . . . 31,000.00
- e. For the construction of a building at the site pursuant to the requirements established by the State Department of Health . . . . . 3,400.00
- f. For the extension of water lines to the site. . . . . 1,200.00
- g. For miscellaneous tools minor equipment . . . . . 500.00
- h. For contingency expenses . . . . . 4,900.00

21. To see if the Town will authorize the Selectmen to negotiate with the Towns of Salisbury and Webster to enter into a contract upon such terms and conditions as the Selectmen shall deem appropriate to use the sanitary landfill to be established by the Town.

22. To see if the Town will vote to raise and appropriate a sum of \$800.00 to build an office in the basement of the Library for Selectmen, Planning Board and Zoning Board.

23. To see if the Town will vote to authorize the Selectmen to establish a committee to study and recommend to the Town the need for a Town Manager.

24. To see if the Town will vote to authorize the Selectmen to make application for and to accept on behalf of the Town any advances or other funds coming from the U.S.A. or the State of New Hampshire or any Federal or State Agency.

25. To transact any other business which may legally come before this meeting.

Given under our hands and seal, this 16th day of February, in the year of our Lord nineteen hundred and Seventy-four

Donald F. Welcome  
Richard C. Hartford  
Roger C. Sanborn  
Selectmen of Boscawen

A true copy of Warrant — Attest:

## REPORT OF THE SELECTMEN

The year 1973 has been a busy and productive year in the administration of town government and reflected the increased complexities of management necessitated by population growth and the resultant demands for services.

The Selectmen would also like to point out that 1973 was a year when townspeople were asked to actively participate in town affairs and gave willingly of their valuable time in service to the community. Examples of this will be mentioned later in this report.

Shortly after town meeting last year the Selectmen were faced with the problem of providing a fire alarm system for lower Boscawen. Due to the defeat at town meeting of the article relative to Central Dispatch, we were put on notice that alarms could no longer be intercepted by the Concord Fire Department and that automatic dispatch of C.F.D. Engine 6 would be dropped. The Selectmen met with Concord fire officials and negotiated an agreement to continue through the year to the next town meeting. Immediately a Board of Fire Wards was established to assist Chief Bartlett in evaluating this problem and to make recommendations to the Selectmen. Details of this very important issue will appear in their report to the town as well as the special article on this subject. In addition, they have reviewed the water supply problem at the County Home, studied the need for repairs to the Torrent Engine building, and generally assisted the Chief on departmental problems. This is a fine example of citizen participation in town affairs. It should further be noted that Chief Bartlett has initiated a continuing program of drill and training to up-grade the department.

This has been a very busy year for the Highway Department. Under the able direction of Road Agent Harvey Hollins, the town continued its T.R.A. projects to improve town roads. During the early summer the Department was plagued with storm wash-outs on many of our roads. The crew did an outstanding job at making emergency repairs. In addition to routine road work, the department worked many hours on the sewer system, land-fill site work, etc. The town is indeed fortunate to have such an able crew.

The Police Department has witnessed a tremendous increase in calls during the year which is indicative of greater public awareness of this vital service. During the year, the Department moved into its new quarters which should be the pride of every citizen in the community. The building is designed and equipped to provide modern police investigation and laboratory facilities and was situated so that future needs for town offices can be accommodated. The Police Commission was active throughout the year in assisting the Chief wherever necessary. In addition, the Commission raised sufficient money from local businessmen to fully furnish the new station. The Commission and businessmen in our community should be highly complimented for this gesture of civic pride. Chief Downing, Corporal Russell, and Officer Smith have all attended advanced courses in police technology during the year which is adding a high degree of professionalism to the department. This is evidenced in the high rate of arrests and convictions which our department is able to achieve.

Planning and engineering for the new sanitary sewer interceptor system was completed and put out to bid. Only one bidder responded and this bid was rejected by the Selectmen. On the second request for bids, seven bids were received and a low bidder was awarded a contract which saved approximately \$100,000 over the first bid. Construction was started by the contractor in the late fall and considerable progress has been made due to excellent weather conditions. We were unable to make any visible progress this year on the separation of the storm sewer from the sanitary sewer system due to delays encountered in the engineering of this project. The entire system has now been televised and cleaned to determine where problem areas are located so that they can be corrected. It is expected that work on this project will start this spring.

The Planning Board had a very busy and productive year. Considerable effort was put into drafting an acceptable zoning ordinance which was enacted at a special town meeting in April. Countless hours volunteered by citizen members of this board have now provided the town a basis for planning the future growth of your community. This will pay substantial dividends in the future, in the form of orderly growth which should tend to minimize the pressures and burdens of uncontrolled development. A Zoning Board of Adjustment and Zoning Officer have been appointed by the Selectmen to administer this ordinance.

The town was dealt a severe blow when it was advised by the U. S. Treasury Department that it had overpaid the town in Revenue Sharing Funds and demanded reimbursement of over \$80,000. A substantial portion had already been appropriated at last Town Meeting for public safety and separation of storm sewers. On the advice of town counsel, we demanded a complete breakdown by the Treasury Department of the data used by them in reaching this determination, and indicated that the funds would not be returned until this breakdown was provided. We also sought and received assistance from the N. H. Congressional delegation. As of this date, we have not received the information requested, and the funds are still in our possession. It is anticipated that the funds will eventually be returned or spread out over future Revenue Sharing allocations to the town. In any event, it would appear that a special Town Meeting will be required in order to make this adjustment. This will occur only after your Selectmen are satisfied that the town was overpaid by error. Due to the size of the over-payment, we should not plan on significant Revenue Sharings Funds in the future.

By order of the N. H. Department of Health, the town must discontinue its open burning dump by July 1 of this year. At our last Town Meeting, it was voted by the townspeople to drop out of the Regional Dump program and to investigate our own landfill operation. Your Selectmen have spent considerable time on this subject and have come up with a plan for a sanitary landfill operation to meet the state requirements by July 1, 1974. We have under option an 80 acre site which is excellent for this purpose. The site has been investigated by our consulting engineer, U. S. Soil Conservation personnel, and the State Board of Health. Test borings have been satisfactorily

completed and an operational plan established. The Article relative to this matter should be voted favorable in order to take care of this urgent requirement. The proposed landfill will be considerably less expensive than trucking our refuse to an out of town site and will also allow for many years of operation. It is estimated that one acre per 5,000 persons will be consumed per year. After filling, the site will be totally usable for other town purposes. The compactor noted in the special landfill article will be a multi-purpose vehicle which can be used for other town needs such as road maintenance and snow plowing. Other benefits will be an adequate supply of sand and gravel which we now have to purchase.

The energy crisis has become a significant problem in the smooth operation of town government. Not only has the increased cost of gas and oil raised havoc with our budget, but the availability of supply is a continuing problem. The Selectmen have taken steps to assure, as much as possible, that fuel will be available. We have curtailed out-of-town activities at the Town Hall, purchased an additional 3,000 gallon gasoline storage tank, requested reserve allocations from the State, and have cut down consumption in the buildings and vehicles where possible.

This report highlights some of the major activities and accomplishments during the year. The myriad details of day-to-day operation of government are too numerous to outline in this report. However, without the encouragement and fine support of the citizens of the town, our achievement would, indeed, suffer. We, therefore, take this opportunity to thank the townspeople for their continued support for the benefit of the Town of Boscawen.

Respectfully submitted,

Donald F. Welcome  
Richard C. Hartford  
Roger C. Sanborn  
SELECTMEN

**SCHEDULE OF LONG TERM INDEBTEDNESS**

Long Term Notes Outstanding:

BOSCAWEN PUBLIC LIBRARY

Book are the quietest and most constant of friends; they are the most accessible and wisest of counselors, and the most patient of teachers.

-Charles W. Eliot-

Not only does our main Library building serve as a place of learning, but also serves as a meeting place for groups interested in town affairs, such as the Library Trustees, the Planning Board and Old Home Day Committee. It is also the office of the Selectmen.

A dehumidifier has been purchased for the basement of the main building because of so much dampness and has proved very satisfactory. The leaks in the roof have also been repaired and a book return slot ordered.

Last spring we bought red geraniums and other small flowers and set them out in front of the main building. These were very colorful and attractive during the summer months.

We are very fortunate in having Bookmobile service from the New Hampshire Library four times a year. The Librarian also borrows books at the request of its readers, and films for the Merrimack County Nursing Home and Jail, which are furnished weekly by the State Library.

Book week was observed at the Main and Branch Libraries with new books and posters on display. During the past year three hundred and forty-eight new books were purchased, also one set of a new, thirty volume Encyclopedia Americana and two Cram Modern World Atlases, one for each Library.

Gifts of books were presented to the Library by Mrs. Linda Cantara, Mr. & Mrs. Robert G. Colby, who gave volume three of Sullivan's Papers, The Farmer's Almanac Magazine was given by Mrs. Grace Creaser and the Echoes Magazine by the Woodbury family.

The Library Trustees gratefully acknowledge these gifts.

We are trying to conserve on heat and a night watchman light has been put in the window at the Main Library in case of heat emergency.

During the past few years, the town of Boscawen has increased greatly in population. New townspeople who haven't as yet visited our library we encourage to do so and to enjoy our many books and facilities. Our Librarian Mrs. Broughton will be there to welcome them.

## REPORT FOR THE BOSCAWEN FIRE DEPARTMENT

The Fire Department responded to 101 fire calls and 7 mutual aid calls. Engine Co. No. 1 having 68 fire calls and Engine Co. No. 2 having 33 for the year.

The 1973 training was conducted by the Lieutenants (training officers). Training was held every other Monday night with drills for each Company and also inter Company drills.

On my request permission was granted from the Selectmen for a Fire Ward Committee, whose function is to survey and suggest means for improved conditions for the Fire Department, to help minimize the loss of life and property. This Committee has helped me a great deal. They have worked long and tedious hours on Central Dispatch, housing for Engine Co. No. 1 and many other items.

At this time I would like to thank all of the Firemen and the Fire Ward Committee for all their help, consideration, and cooperation.

Respectfully submitted,

Roland D. Bartlett  
Fire Chief

## **BOSCAWEN FIRE WARD COMMITTEE**

The Fire Ward Committee was appointed by the Fire Chief, with the consent of the Selectmen, and held our first organizational meeting on May 24, 1973.

The function of the committee is to work closely with the Fire Chief in seeking ways and means to improve the fire fighting capability of the department and thereby minimize the loss of life and property, by making recommendations to that end.

Within that scope, the Committee has investigated and studied the following major areas of concern and made recommendations pertaining thereto.

1. Investigated the critical water supply situation, for fire fighting purposes, at the Merrimack County Hospital complex and made recommendations to the County Commissioners, which, if implemented, would partially alleviate the situation.

2. Conducted a study of the Torrent Engine Company building to determine the feasibility of repairing or replacing the supporting timbers. In our recommendations, we considered the future growth of the town; the impact of Penacook Fire equipment moving to new quarters on Concord Manor; the impact of Boscawen not joining the Central Dispatch System and the impact of the cost of our recommendations upon the taxpayer.

3. Studied the insurance coverages under which our firemen work and made recommendations which, if implemented, would essentially double the coverage a fireman would have from the time he is dispatched to a fire or training session, to the time he returns to his home.

4. The committee met with the Chief to review his annual budget requests and made some adjustments, most significant of which was in the area of compensation for the firemen.

5. Undertook an in depth study of the Concord Central Dispatch System to determine the feasibility of Boscawen joining this System.

- a. The Committee visited the Lakes Region Central Dispatch Center in Laconia. In this Center, we found seventeen different town and city fire departments being dispatched. In these towns there are fifteen different telephone exchanges involved but each town is required to dial a single, common number, to report a fire. The towns within this System have experienced a significant reduction in property insurance rates. Response time, by a department to the scene of a fire, has been reduced considerably.

- b. The Committee visited the Concord Central Dispatch Center to see how it functions, first hand. We found that it was designed after the Lakes Region System and operates essentially in the same manner except that it dispatches five towns at the present time. These towns are: Canterbury, Loudon, Pembroke, Dunbarton and Concord. Three additional towns will have the proposal in their warrants this year.

- c. The Committee conducted a hearing with all the Boscawen firemen and listened to their views in regard to the Cental Dispatch System. We also

heard Chief Downing explain how the Police Dispatch System operates. The Rescue Squad Director, Wayne Nickerson, explained how that organization is dispatched.

d. Members of the Committee met several times with Chief Higgins of the Concord Fire Department and questioned him extensively on the operation of the Central Dispatch System.

e. Members of the Committee met with officials of the Kearsarge Telephone Company regarding line charges, automatic encoding equipment, etc.

Based on the above, the Committee developed the following facts, which are not necessarily listed in their order of importance.

1. The Penacook Rescue Squad has been dispatched by the Concord system since 1966. The telephone number, to request them, was changed in December of 1972. In 1973, the Rescue Squad was dispatched to the town of Boscawen 65 times successfully.

2. The Boscawen Fire Department made approximately 57 runs in Boscawen in 1973. Engine 2 Company made 33 runs and Engine I Company made 24 runs.

3. Under the Central Dispatch System, all firemen have a radio receiver and all are dispatched to the scene of a fire at the same exact instant.

4. All fire equipment is dispatched at the same instant including neighboring town equipment if it is designed that way on the response card, by the Chief.

5. Response time by men and equipment to the scene of a fire will be reduced significantly. This is especially important because the first few minutes often spells the difference of saving life and property or losing it.

6. The only way Boscawen can get automatic response of Concord Fire equipment to certain target areas is through the Central Dispatch System.

7. The Central Dispatch System, when it reaches its full potential, can introduce bulk purchasing to its members at significant savings.

8. The member towns within the Central Dispatch System can eventually look forward to a reduction in property insurance rates.

9. A modern dispatch system attracts new volunteers for the fire service.

10. A Central Dispatch System unites its members resulting in a better knowledge of mutual capabilities, cooperative training and creates a better attitude among all participants.

11. The Forestry band frequency, presently used by Boscawen, is slated for discontinuance.

12. The annual cost of belonging to the Concord Central Dispatch System will always be based on equalized valuation and billed quarterly.

13. The Concord Central Dispatch System has absolutely no bearing on the existing Mutual Aid Compacts to which Boscawen belongs.

After giving due consideration to all facts, the Committee voted to recommend to the town that the town adopt a resolution to join the Concord Central Dispatch System and enter into a contract with the City of Concord and implement the System as soon as possible. Under this System, the fire phone

number in lower Boscawen will be 225-3355 and in the Kearsarge Exchange the number will be 796-2222 until such time as all automatic encoding equipment is installed, and operating, and then will revert to 225-3355 which is the number being used in all the other towns in the System.

Respectfully submitted,

Boscawen Fire Ward Committee

**REPORT of the  
FOREST FIRE WARDEN and DISTRICT CHIEF**

The New Hampshire Forest Fire Service is represented in every town, city or unorganized place in our state by the forest fire warden. Anyone wishing to kindle an outside fire when the ground is not covered with snow must first obtain the written permission of the fire warden. Except for cooking fires, no fire can be kindled between 9:00 A.M. and 5:00 P.M. unless it is a commercial or industrial burn or it is raining. The fire warden is assisted in his work by the District Forest Fire Chief who works for the Department of Resources and Economic Development Forest Fire Service.

Fire prevention was, again this year, the most important part of the Forest Fire Warden's job. Fire statistics show the need with 72% of the fires caused by smoking, debris burning and children. Smokey the Bear is an important prevention tool but he still needs much help from the public. Parents should warn their children of the hazards of playing with matches. Children tend to forget that a lighted match held in their hands is a potential forest fire.

**Forest Fire Report:**

	<b>State</b>	<b>District</b>	<b>Town</b>
Fires reported	617	124	3
Acres burned	244	146	¾ A
Acres average size	.395	1.21 A	¼ A

**RICHARD S. CHASE  
DISTRICT FIRE CHIEF**

**ARTHUR BARTLETT  
FOREST FIRE WARDEN**

## **BOSCAWEN POLICE DEPARTMENT**

To the Citizens of Boscawen,

1973 was a very progressive year for the Boscawen Police Department, not only did we expand in facilities and equipment, but the demand and call for service by the public has greatly increased. In 1973 we maintained 24 hour coverage throughout the year with only three full-time men, six special officers, a part time clerk, and a part time matron.

The Boscawen Board of Selectmen and the Boscawen Police Commission were very active and useful in the operations of the Police Department in 1973. They assisted in making the arrangements for the construction of the new Police Building and initiated fund drive to equip and furnish the new Police Station. The Police Commission, which also acts as the Town Highway Safety Committee, fulfilled the necessary requirements for the Police Department to be eligible for Federal Funding.

Operating equipment for 1973 grew with the addition of a new police station, located on High Street, for the cost of approximately \$22,000.00. The police station consists of four main working rooms and a full cellar for storage and expansion. Generous citizens and businesses donated furnishings and money for furnishings to equip this new building that the citizens and policemen can be very proud to have in their Town. "The Instant Grass" was donated by the Sod Farm and Shrubbery by the Boscawen Women's Club and the landscaping labor was completed by employees of the Highway Department and Police Department. Also, in 1973 a second cruiser was purchased and the former cruiser was retained to act as a back-up unit, which has come into use many times. Through the assistance of the Federal Government and their funding programs, the Town of Boscawen also received a base radio station, an additional mobile radio and two portable radios, thus completing our necessary communications directly with State Police, Concord Police, Penacook Rescue, and all surrounding Towns on the Merrimack County Frequency. Also Federally funded in 1973 was a modernized radar unit to assist us in traffic control in problem areas.

1973 also created new laws, and law enforcement tactics which requires continuous educational training on behalf of all Law Enforcement Officers. During the past year, Corp. Carl Russell attended the New Hampshire Police Academy, Accident Investigation School by Northwestern University, and detailed Finger Print Training conducted by the F.B.I. Officer Dana Smith underwent intensive training in Narcotics and Dangerous Drugs which was conducted by the Federal Bureau of Narcotics and Dangerous Drugs. In 1973, I underwent training in Civilian Disturbances, Police Management Training, and Police Court Prosecution. All Officers attended the weekly seminars by the Attorney General's Office, on enforcement of our new Criminal Code Laws which became effective November 1, 1973.

Throughout the year the calls and demand for service grew with the following statistics: Total calls and complaints were 4,039 as compared to

2,411 in 1972. Twenty-one of these calls were calls of burglary, 77 calls of theft to some degree, and 8 stolen vehicles. There were 383 arrests and summonses issued compared to 202 in 1972, 24 of these were Juveniles, 45 of these were for driving while intoxicated on our highways, 26 were drunk related arrests, 12 were charged with burglary. Our accident rate dropped to 45 accidents as compared to 78 in 1972, this statistic being one that I am very proud of.

Our Police Phone (796-2277) is accessible to every citizen, 24 hours a day through the Merrimack County Dispatch Center. The Police serve to protect the lives and property of the public, however, we need your help in order for us to help you. If you see a violation or a crime being committed, please call 796-2277 and you will get a Policeman immediately.

Thank you.

Respectfully yours,

Chief Clayton W. Downing

## PLANNING BOARD

At a special Town Meeting on April 17, 1973, the voters adopted a Zoning Ordinance which controls future land use in the Town of Boscawen.

A Zoning Board of Adjustment and Zoning Officer have been appointed to enforce the Ordinance and individuals who have any specific questions as well as possible land use changes should notify the Zoning Officer who will assist in this regard.

The Subdivision Ordinance also received some modifications especially in the area of road construction specifications.

It should be stressed that the above regulations were designed to control the inevitable growth of our Town and thereby soften the impact on municipal services that in many areas are already over-burdened. Explosive, haphazard development can only raise havoc with these services.

Both Ordinances may be obtained at the Town Clerk's Office and reference copies are available at the Town Library.

We ask all citizens to work with us for the betterment of Boscawen — not special interest groups — and thank you for the show of confidence you have given us and the trust that you have placed in the functions of the Board.

Kevin J. McCarthy  
Chairman

## WARRANT FOR ANNUAL MEETING OF PENACOOK—BOSCAWEN PRECINCT

To the inhabitants of Penacook-Boscawen Water Precinct in the county of Merrimack and State of New Hampshire, qualified to vote in Precinct affairs.

You are hereby notified to meet at the Boscawen Town Hall in Boscawen in said Precinct on the 29th day of March 1974, at 7:30 o'clock in the evening, to act upon the following subjects:

1. To hear the reports of the Precinct officers and pass any vote relating thereto.

2. To choose all necessary Precinct officers for the ensuing year.

3. To authorize the Precinct Commissioners to borrow money in anticipation of Precinct Taxes and other revenues for the year and to issue notes therefor at such time within one year and at such place as the Precinct Commissioners shall determine.

4. To see if the Precinct will vote to raise and appropriate the amounts listed in the budget for 1974.

5. To see if the Precinct will vote to give the Commissioners Authority to transfer any unexpended balance of money from one appropriation to another.

6. To transact any other business which may legally come before the meeting.

Give under our hands and seal this 8th day of February, 1974.

Francis H. Grant  
James D. Holden  
Russell C. Mattice  
Precinct Commissioners

A true copy of Warrant—Attest:

Francis H. Grant  
James D. Holden  
Russell C. Mattice  
Precinct Commissioners

## COMMISSIONERS' REPORT FOR 1973

Water Consumption for 1973 was 238,865,700 gallons. Our flow meter was out of order for about 2 months, so we think this reading is a little low.

Our new building was completed late in the fall, as of this date we have not accepted the building because of minor discrepancies in construction. We have the heat in and it is nice to have our equipment and supplies in a warm place for the first time in the Precinct history. There is an office in one end for our monthly meetings and other business.

We have added four new services this year.

Our revenue was down \$2,334.00 this year due mostly we think because of short work weeks at the Tannery at the start of the year.

Progress has been slow on our tank project due to land acquisition. At the present time our lawyer is preparing the necessary steps for eminent domain procedure. As of this date, we have not sold our bonds. We have made some inquiries and think we can get an interest rate not over 5%.

This coming year we hope to obtain rights of way across private property when we leave Marlboro Road, we have to leave the road because of the elevation, which goes up sharply to Queen Street. We have to stay under 400 feet. Up to now we are having a problem finding out who owns the land we have to cross. So we plan to have the titles searched and right of way surveyed.

**AUDITOR'S REPORT**

Board of Water Commissioners  
Penacook and Boscawen Water Precinct  
Boscawen, New Hampshire 03301

Gentlemen:

We have examined the Balance Sheet of the Penacook and Boscawen Water Precinct as at December 31, 1973 and the related Statements of Income, Changes in Financial Position and Precinct Tax Collector for the year then ended. Our examination was made in accordance with generally accepted auditing standards, and accordingly included such tests of the accounting records and such other auditing procedures as we considered necessary in the circumstances.

In our opinion, the aforementioned statements present fairly the financial position of the Penacook and Boscawen Water Precinct at December 31, 1973 and the results of its operations and changes in financial position for the year then ended in conformity with generally accepted accounting principles applied on a consistent basis.

Respectfully submitted,

JOHN E. RICH & COMPANY

\*\*Includes interest on uncollected taxes bought back by town.

### NOTES TO FINANCIAL STATEMENTS

1. Summary of Significant Accounting Policies. The accounts of the Precinct are maintained on the accrual basis of accounting. Inventories are stated at lower of cost (first-in, first-out basis) or market. Property, plant and equipment are recorded at cost. Expenditures for renewals and betterments are capitalized. Expenditures for maintenance and repairs are expensed as incurred, since it is not practicable to determine the amount of, or duration of, future benefit. Depreciation over their estimated useful lives is determined principally on the straight-line method. Although still in use, assets that are fully depreciated are removed from the accounts.

2. The Precinct voted in 1973 to borrow, by bond issue, \$250,000 for construction of an additional storage tank.

3. In 1973, \$3927.60 plus interest was withdrawn from Capital Reserve Funds for construction of a new building.
